## Carnival Attracts Huge Crowd; Over \$1,075 Realized

Community spirit was reflected in the large turnout at the Annual PTA Halloween Carnival staged Monday night on the Elementary School grounds. Proceeds from the festival netted \$1,075.50 according to Ed Lively, financial chairman for the carnival.

The Carnival was highlighted by several hundred children from preschool age through the 8th grades, in a colorful costume parade, including witches, pirates, Little Bo Peep, ghosts and many others.

The following were winners in the most original in each age group and first, second, and third for best costume for each boy and girl:

Band—Most original—Jim Pope; Best costume—Girls, Nedra Mikovsky, Sandra Register; Boys, Ronnie Gekker, Butch Bass, Billy Schoenfeld.

## Vandals Cause Mild Halloween Damage

Halloween pranksters carried their tricks a bit too far in some instances here. Although the usual window soaping caught residences and businesses alike, pranks of a more violent nature were committed during the PTA Carnival.

A common scene Tuesday along along Avenue A and Main Street was to see shop proprietors cleaning soap and chalk from their windows—some old aftermath of Halloween.

Certain other citizens were bemoaning the fact that their tires had been deflated during the carnival. At least two car radio aerials were broken. One report said car seat covers had been slashed.

Police Chief Charles Goodlett said, "There wasn't much reported, not as bad as other places." The Chief went on to say that local police did as much as possible. At least two juveniles were caught releasing air from tires.

Goodlett stated that there was reason to believe that most vandals were responsible for the more severe acts of vandalism.

Rather than cry over the proverbial spilled milk, it has been suggested that proper discipline and indoctrination at home can overcome further future outbreaks of vandalism locally.

Harmless pranks are part of a centuries-old tradition. "Trick or treat" is for the little ones. Point blank acts of vandalism is not a law violation, but a mark of ignorance on the part of the person or persons committing them.

## LOCAL ROTARIANS AT DISTRICT CONFERENCE

Representing Belle Glade at the District Rotarian Conference at Miami Beach were President and Mrs. Roscoe Braddock, Mr. and Mrs. N. T. Taylor, Dr. and Mrs. Thomas Bregger and Mr. and Mrs. J. Marvin Unwin.

The conference was held last Thursday through Monday with headquarters at the Golden Gate Harbor, Miami Beach. Local Rotarians who were present were:

Display Your Flag On Armistice Day

The local Jaycee organization is urging all citizens to display their flags at homes or business places on Nov. 11 in commemoration of Armistice Day.

## Building Program Continues Climb

New homes, businesses, and hotel helped push the figures higher for local.

Four new homes valued in excess of \$45,000 helped push the valuation figures for building permits to an all-time high so far this year. Total permit value for October was \$128,451.00, says W. L. Cunningham in his monthly building inspection report.

The increase was \$48,920.00 over a similar period last year. Figures from January to October this year were \$1,335,320.00. Last year they were \$855,400.00.

New homes include J. G. Hopkins an \$18,000 building at 685 S. Main St., a \$14,000 home on B. T. Bernard at 925 S.W. Ave. D., and two N. D. Willis properties, 1432 N.W. Ave. G. at \$9,000 and 530 S.W. 34 St. at \$5,000.

Business expansion by Southern Bell Tel. and Tel. Co. here will amount to \$35,000. A rooming house being built by Henry Blum at 601 W. Ave. A. will amount to \$23,000.

This work combined with additions, repairs, antennas, signs, plumbing, the moving of buildings, and electrical work accounted for 35 permits being issued last month. Fees paid for permits amounted to \$374.95.

## B Team Ends Season In Blaze Of Glory

The Belle Glade "B" team closed out its 1955 football season here in a blaze of glory by walloping the visiting Hawks of Seacrest 34 to 0. Under the able leadership of a quartet of back George Cox the Junior Rams scored every time they got their hands on the ball but once when a sure touchdown pass bounced from the arms of end Benny Powell into the hands of the Hawk safety man, Belle Glade's fullback, Jack Hamilton, put over a flashy running exhibition which accounted for two touchdowns and set up two others. Billy Lee and Skipper Poole added touchdowns and long runs to the cause and Cox sneaked over for the score.

Seacrest's Wilkes put the Hawks ahead after the opening kickoff with a two yard smash over center after which Belle Glade took over and never gave the visitors a chance. David Binkley, Billy Abel, and Ronnie Kirchman stood out in the line for Belle Glade.

## Panel Heard On Child Education

"Education in the American Home" was the subject of the program at the meeting Wednesday of the Belle Glade Women's Club held at the Woman's Club Building.

An interesting panel on Education of the Child in the Home, Church and Community was presented with Mrs. R. L. Murray as moderator.

Taking part on the panel were Miss Margaret West, who spoke of the early years in school, pointing out that preparation in the home for school is highly important. Mrs. Emil Wolf spoke on Home Training of Children; Mrs. H. O. Eaves spoke on Religion and Education; Mrs. F. C. Dooley, What Schools Offered Teen-agers; Mrs. E. F. Mison, Teen-agers in Home and Importance of Home Background; Mrs. Guy Wood, Jr., Responsibilities of Community in Education not only of children but Adults.

Hostesses were Mrs. Leland Pearce, Mrs. Victor Green, Mrs. J. A. Pike and Mrs. Walter Roth.

The next meeting on Nov. 18 will be on Travel with Mr. and Mrs. Hugh Bratley in charge of program.

## Fair Association Plight Explained To Local Legion

Everglades Post 20 of the American Legion on Tuesday night for regular business and a stormy discussion of the fate of the Everglades Fair Association chapter. Vernon Dexter, member of the new fair committee visiting group was present to give the committee's views to the Legion.

Dexter explained the situation as it now stands before taking a barrage of questions from legionnaires present. He told them that the fair as it is now operating has displeased the community. There has been comment against the Legion running the fair, he said.

The community doesn't want the fair controlled by one group. Dexter suggested that a new charter be set up with a board of directors be then set up with new charter. Then members from all civic groups have representatives. He recommended that the Legion join the other groups wouldn't join the Legion.

"The community has grown up. It is not a project to be handled by one organization alone," he stated.

D. B. Jones, executive committee member, asked if the new association—when created—would have a carnival as part of the fair. Dexter said no policy had been set. Jones then said an effort had been made last year to get other groups but they weren't forthcoming.

Dexter explained that since the Legion has the knowhow to run a fair, it is your duty as a citizen and legionnaire to volunteer to give your support to (Continued on Page Eight)

## GLADES GARDEN CLUBS HANDIWORK REQUESTED FOR WALDORF ASTORIA

Glades Garden Club women have been asked to prepare table decorations similar to those at the Garden Club of Florida dinner held here in the spring, for a dinner at the Waldorf Astoria on Nov. 28.

Governor Collins and the Florida Development Commission, will entertain some 60-odd travel editors of leading newspapers and magazines at an all-Florida dinner for the purpose of acquainting them with Florida as an enticing vacation area as well as for permanent homes.

The table decorations prepared by the Garden Clubs of South Bay, Clewiston, Pahokee and Belle Glade under the chairmanship of Mrs. Abbie Zumpf, were the subject of favorable comment by five Florida Governors, two U. S. Senators, a Congressman and many state officials as well as scores of other visitors.

Mr. Hal Layton of the advertising firm advised Mr. Saxton Lloyd of the Florida Development Commission that these decorations will be without competition and beyond the imagination of any of the decorators available in New York.

Mrs. Zumpf has undertaken the chairmanship of the Glades group to prepare the decorations. Mr. Lloyd will provide one of his staff to see to the packing of the pieces and flying them to New York the day of the dinner.

Flowers and greenery and the Glades garden clubs will be exposed to national publicity of a most substantial sort on this occasion.

## Post Office Receipts Up 37% For October

Receipts at the local post office were on the upgrade this October with an increase of 37.08 per cent over last October; however, receipts showed a decrease for the first ten months of 1955 over last year.

Receipts for the month of October this year were \$4,298.23 as compared to \$3125.50 last year.

Receipts for the first ten months of this year were \$40,783.55 as compared to last year's figure, \$41,138.79. This was a decrease of \$355.15.

Receipts include among other things stamps and stamped envelopes sold, and box rents.

Mrs. Rosa Nash, referring to the 37 per cent increase, said it's the first time receipts have gone up so high. One reason cited for the decrease in the 10-month period was the increase in parcel post rates.

## Season To End For Baby Ram Football

By JACK McFARWILL  
The mid-fall football season winds up its final week today and ends the season Thursday night at Alamo Field. Two teams and a double header remain to be played.

Team Standings

	W	L	T
Gold Team	3	1	0
Blue Team	1	2	1
South Bay	2	2	0

Remaining Schedule  
Nov. 4 Blue vs South Bay here 6:45  
Nov. 9 Blue at South Bay 4:30  
Nov. 10 Double header here 8:00

On Thursday Night, Nov. 10, at 8:00 o'clock there will be a mid-fall football jamboree at the local athletic field. The purpose of this jamboree is to raise money to pay for the uniforms purchased for the biggest team at Belle Glade and South Bay.

Fans will be treated to a double feature which will see the Hurricanes of South Bay pitted against the Blue Imps of Pahokee and the Golden Cubs versus the Blue Eagles, both of Belle Glade.

All four of these teams have been working hard since early September and have played a rugged five game schedule. The games will be completely with cheerleaders, Junior Band, and refreshments. Folks who are interested in seeing an athletic program for Grammar School and Junior High put on a permanent basis will be out to see the future Rams in action.

## Rams Tangle With Pompano Tonight

The erstwhile Beaniepickers, recently named the Golden Tornadoes of Pompano, will come to town tonight to engage the Belle Glade Rams in a football struggle which might determine whether the Rams are to play the entire 1955 season without a win. The next two opponents of the Rams will be Fort Pierce and Pahokee who seem to have no intention of losing to the Rams.

Pompano has had its ups and downs this season winning two and losing four. They whipped Clewiston 19-7 and stomped Lake Worth 31-12 and have dropped contests to South Broward, Pahokee, Stuart and Seacrest. At least, they have been consistently unpredictable. The Tornadoes are coached by Lou Murchi, former Cincinnati player, who uses what is known as the "bellsy-series," a version of the "split T" formation.

Pompano has found no trouble in putting on the opposition but has experienced difficulty in putting up a sound defense. They should be an interesting team to watch. They have a light but fast line and two runners in their backfield, halfback David Pinnell and fullback Larry Harris, who has furnished a spark for the Rams should be ready to go. Wayne Mock has returned from the ranks of the ineligible and Leo James seems to have regained his starting position at right end.

In view of the probability that this could be the Rams' last opportunity to get into the win column this season it is believed that they will rise to the occasion and play the game. This is, if they are successful in finding the ball or ball carrier has advanced the "bellsy-series" as used by Pompano.

## FLORIDA NATIVE JOINS EXPERIMENT STATION AS SOILS CHEMIST

Dr. Jules P. Winfree joined the staff of the Everglades Station on Oct. 20 as Assistant Soils Chemist. He came to Belle Glade immediately upon completion of his graduate training at Rutgers University. New wife and one-year-old son, David, have moved into the Dr. Brunswick, N. J. He and his Buck house on S. Main Street. Dr. and Mrs. Winfree are both Floridians, born in Miami. Dr. Winfree completed high school at Miami Edison and then attended University of Florida where he received his B.S. degree in Agriculture, majoring in Soils and Agricultural Engineering. His graduate training

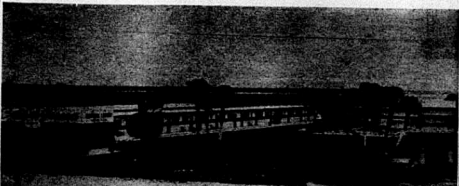

at Rutgers University was directed toward research in Soils and Plant Nutrition. He comes to the Everglades Station with a native interest in South Florida agriculture and an eagerness to help solve some of the many problems related to soils. He will assume responsibility for the research on organic soils problems in this area.

The secret  
of the father  
who lived  
two lives

Phil Cook would be happy to know his second life is just the way he planned it. His family is together. His wife is able to care for the children without the need of a job to pay for living expenses. Some years ago, you see, Phil asked his Gulf Life representative for help. Phil learned how important his existing insurance was—how it could be adapted to changing family requirements. Then Phil saw how he could afford a Gulf Life program that would give the family a living income, should anything happen to him. That was the secret of the two lives led by Phil Cook. Whether it's family income, education, retirement—Gulf Life has a plan that will provide the benefits you want. Ask your Gulf Life representative about them. There's no obligation, of course.

## Meat For The Market

In future years, the packers "will be seeking meat for the market, rather than seeking a market for our meat." That striking statement comes from the subject — the president of the American Meat Institute. And the reason, of course, is the extremely rapid increase in the U. S. population. The much-talked-of post-war "baby boom" is still in high gear, and there are no signs of abatement.

This year's meat production is expected to be the highest on record. But it is obvious that the record after next year will have to be established if, with more and more mouths to feed, the present per-capita level of consumption is to be maintained — or, if, as many believe desirable for health reasons, it is to be increased.

How can we best assure adequate meat production for the future? The answer is: Maintain the free, competitive market in which all meat must move. It was not a coincidence that the most severe meat shortages and dislocation of modern times occurred when government controls were kept in effect for a considerable period after World War II ended. Arbitrary, political, economic controls commonly result in scarcity. The free market, governed as it is by the natural law of supply and demand, always works toward abundance.

## What, No Bananas?

The Hatfield, Pennsylvania, Times, tells the story of a busy waitress who served two patrons banana splits heated high with ice cream. "But, alas," says the Times, "when they got to the bottom, she had forgotten the bananas!"

This reminds one of the politician who promises the voter free pork from the barrel and then hands him a tax bill to cover cost of the "gift."

## Directors Discuss

## Current Activities

The Belle Glade Chamber of Commerce held their first dinner meeting of the month Wednesday night at the local chamber's office. Reports from chamber committee's presented their findings to the group.

Urban Fishing, co-chairman of the merchant's committee was special dinner guest who presented a preliminary report concerning trade promotion in the area.

The problem of the misleading sign "C" has been referred to the state office in Tallahassee for possible re-designation to one of the roads at the Chesapeake bridge.

Dr. Townsend reported from the district committee about obtaining four 20 by 40 pictures of agricultural scenes for the chamber office. Two will be purchased and two will be gifts to the chamber.

Other picture displays were talked until next year. One one display will be arranged by Dr. Allison showing three products and the various stages of three processes. Sugar cane may also be added to this display.

Plans for a Christmas parade have been discussed. Monday evening Young reported on the Riviera Beach parade which is reported to be a spectacular event. Something similar is expected for Belle Glade.

Mrs. Young will also order new 1956 decals for members.

## LOCAL CHAMBER WILL RESUME COFFEE HOUR

The weekly coffee hour of the Chamber of Commerce will be resumed next Monday between 10 and 11 a.m. at Bell's Restaurant with Curtis Chase, manager of the local Florida Power & Light Company sponsoring the affair.

Paul Rogers, Palm Beach County representative, will speak at this first coffee hour, according to executive secretary, Edwina Young.

Mrs. Young said the Chamber is anxious for the entire membership and others interested to attend this meeting.

From where I sit... by Joe Marsh

Last Word in Farm Machinery

Curly Lawson was first in this area to use one of those roadside vending machines. He's sold milk and eggs in one about a year now, and recommends them highly — but with reservations.

"Mine's the latest model," says Curly. "Bells is refrigeration unit — heater — an automatic sign turn-on for night. Takes any combination of notes."

"However," he warned, "those machines aren't cheap to buy... to upgrade. They run about \$500. If you're not on the main highway like I am — where lots of city

people pass — you'd better stick to the old models."

From where I sit, you have to admire Curly for his pioneering spirit. Of course, there's also plenty to be said for those who tend to stick to the old proven method. People's ideas differ on the subject — on any subject. Like you may always find butter milk with your meals... while a glass of beer's the "automatic" choice with me.

HORTICULTURE SOCIETY MEETING IN CLEARWATER DRAWS LOCAL EXPERTS

John Causey and M. U. Mounts of the Agriculture Extension Office here were among those attending the state Horticultural Society meeting in Clearwater Nov. 3, 4 and 5. Eight members of the Everglades Experiment Station also attended the Society's meeting. Those attending were: R. S. Cox, W. T. Forsee, V. L. Guzman, D. S. Harrison, C. T. Ozaki, J. N. Simons, J. P. Winfree, and A. Wolf.

Papers involving research conducted at the local station were presented by these scientists. These included: "Problems and Problems in the Development of a Blight Resistant Celery for Florida," by Emil Wolf; "Effects of Applied Nitrogen, Phosphate, and Potash on Yields and Growth of Peppers," by Charles Ozaki; "Effect Control in Peppers in Organic Soils," by Guzman and Wolf; "Effect of Nozzle Type and Gallantry on Control of Northern Corn Leaf Blight," by Harrison and Cox.

Guests on a panel discussing "Antibiotics" included R. S. Cox from the station.

AUXILIARY MEETING

There will be a regular meeting of the Hospital Auxiliary on Tuesday, Nov. 8, in the dining hall of the Belle Glade Memorial Hospital. The regular session will be at 2 p.m. followed by a business meeting.

The spaghetti dinner served at the school cafeteria was a huge success and many people were turned away as preparation was made for a certain amount. Most all the booths sold out early.

The youngsters had a grand time in the spaghetti house, jumping on the trampoline, horse riding, hay rides and other entertainments.

Mrs. Guy Wood, Jr., chairman, attributed the success of the carnival to a large crowd of people who were members of committees already named in charge of booths and to the following individuals and business houses for their assistance in making the Carnival a financial success: Collins-Babcock Furniture, Glades Drug, Gottlieb's, Mather Furniture, Daddy Dick's, Glades Beauty Salon, Cabin Dry Cleaners, Bush's Barbershop, Peary Dept. Store, Western Auto, Rogers's Barbershop, and H. C. Pence Co.

fumbles, too, and saw one of their drives snuffed out on the visitors' 10-yard line when Edgie guard, Richard Leffis, covered one of Robertson's bobbles. South Bay's final drive late in the fourth quarter flared out when the Hurricanes suffered from an offensive penalty.

The Hurricanes will meet the Blue Imps of Pahokee here at the Midgott Football Jambooree, Nov. 10.

Cubs 24, Hurricanes 6  
The Cubs took advantage of every opportunity here last Thursday and turned back the Hurricanes of South Bay 24 to 6.

Quarterback Charles Lutz and halfback John Chambliss counted for all the scoring with two touchdowns each. Halfback Carl Norris and fullback Jack McCall turned in some nice runs which helped set up the scores.

In the line Junior Cumpston and Dan Hays performed bang-up ball on defense and offense and were ably assisted by guards Ray Jones and Tommy Smith. Tackle Dennis Alford and end Robert Chaney also played good ball. Glenn Bair, center and line backer, and Charles Seale were in on nearly every tackle.

Hurricane quarterback Claude Robertson kept his team in the ball game during the first half by completing a long pass to Carliss Sloan on the Cubs' 10-yard line. Roger Walker crashed over for the touchdown from the five yard line.

Both of these teams will be seen in action Thursday night, Nov. 10, on the high school athletic field.

## Church Membership Largest in History

More people are going to church and more people are reading the Bible today than ever before in our history. That's the real American story behind the headlines, and it tells more about our true spiritual and physical health than all the lurid tales of juvenile delinquency and atom destructiveness put together.

Vital statistics issued this month by the National Council of the Churches of Christ in the U.S.A. contradict sharply any stories that we are overly materialistic, and prove that more and more people are seeking God as a source of inspiration and guidance. Over 97,000,000 Americans now attend church regularly, an increase of 2.6 percent over last year. Americans contributed more than \$2,000,000,000 to their churches in 1954 alone. Sunday and Sabbath school registrations are at a record 37,623,530.

And this religious growth is not just "Sunday habit." We, as a nation, are turning to Bible reading, extending devotionals beyond mere observance of the Sabbath. In the case of

TONIGHT, Nov. 4, at 4 p.m.

"I was glad when they said unto me, let us go into the house of the Lord" was said by the psalmist long ago and is the experience now of many good people in our community and throughout the world. Every Sunday the church doors are opened and the church bells ring out to remind us that it is the Lord's Day and a happy and helpful opportunity awaits us. Why stretch and sigh and let your good intentions wither? Get ready on Saturday for a blessed

ing on Sunday. "A sabbath well spent brings a week of contentment." The United Church Attendance Campaign is meeting with good response. Some of the churches have been using extra chairs to seat the crowds on Sunday morning. The best thing you can do for yourself and your family is to bring them to church regularly. There you can join with others in the true worship and praise of God. It is far more than a duty. It is a great privilege. The ANSWER IS GOD.

He thought; if you seek Him, He will be found.

Let us adore the ever-living God, and render praise unto Him who spread out the heavens and established the earth, whose glory is revealed in the heavens above and whose greatness is manifest throughout the world.

When you pray, do not make your prayer mere routine, but a plea before God for mercy and grace. Prayer without devotion is like body without soul.

And you shall seek Me, and find Me when you shall search for Me with all your heart.

When you pray, pray in the synagog of your city; if you are unable to pray in the synagogue, pray in the home of your home; if you are unable to pray in your home, pray on your couch, and if you are unable to pray on your couch, meditate in your heart.

So it is said.

GEMS OF THOUGHT

Past. Present, And Future

We own no past, no future, we possess only now.

—Mary Baker Eddy.

One today is worth two to-morrow; what I am to be is now becoming.

—Benjamin Franklin

Do today's duty, fight today's temptation; do not wait for the future, in the present we live, and the last duty done.

—Charles Kingsley

The best preparation for the future, is the present well kept, and the last duty done.

## Members Of Dorcas Society Attend Meet

Mr. and Mrs. Floyd Erickson and Mrs. Warren Strawn from the local Seventh-day Adventist church attended a Dorcas Federation meeting in Fort Pierce recently. Instruction was given on different phases of civil defense, as well as how to be prepared to help the community in case of hurricane or other disaster. Delegates were urged to bring up their first aid and home nursing technique in order to be prepared for any emergency. A moving picture entitled "Disaster Town, U.S.A." was shown.

Each Seventh-day Adventist church sponsors a Dorcas Society, composed of the ladies of the church, who gather and mend clothing, stock pile food, etc. for use to help needy families in the community, and in rehabilitation work whenever necessary. Anyone interested in donating food or clothing for use in this work are asked to call 3586.

## Methodist Circles

The Ruth Naomi Circle met at the home of Mrs. Thelma Stevens on East Palm Beach, Wednesday evening.

Mrs. D. W. Harris gave the devotional "Nearness of God."

### Florida's Economy Outpaces Nation

Growth figures released by the Florida State Chamber of Commerce today show Florida's economy outpacing national averages.

The basic element in 1950 Florida as compared with 1949 is population gain: 86 per cent. The national figure was 22 per cent.

Motor and bounds of the state's growth, along with national averages, are given in this week's business review of the State Chamber's research and industrial division. Floridians were paid 490 per cent more in personal income from all sources (276 per cent was the national gain) resulting in a per capita increase of 244 per cent (208 per cent nationally). The accompanying population gain held back per capita increases to a less rapid rate than total income.

Bank resources in Florida were up 493 per cent as compared with 228 per cent nationwide. Life insurance in force in Florida was 441 per cent more in 1949 than in 1940 and 188 per cent throughout the nation. Florida's gross postal receipts grew 211 per cent while national receipts increased 206 per cent. Gross cash farm income in Florida was 372 per cent more and the nation's farmers received 260 per cent more.

There were 187 per cent more passenger cars registered in Florida and 77 per cent more on the nation's highways. Florida Truck and tractor registrations were up 175 per cent, national receipts grew 211 per cent while production in Florida increased 680 per cent and 283 per cent nationally.

Even in lumber cut, Florida showed an increase, 7 per cent as compared with the national

27 per cent. The 1953 (latest available date) Florida cut was greater than 1940 for the first time, was in fact greater than any year since 1937.

**LAKE SHORE HIGH SCHOOL CLASSROOM OBSERVATIONS BY RICHARD L. NOWLIN**

**Teachers Attend Out-of-Town Evaluation Program**

Hello gang, it's your reporter, the little man with the camera, bringing you the latest observations from the classrooms and campus.

This week finds three of the faculty members out-of-town to take part in an evaluation program. Mr. Marion M. Hamilton, Miss Dorothy M. Gaddy and Mr. Joseph Perry are taking part in the evaluation of Phenix Academy at Ocala, Fla. By the time this column is printed they will have returned and assumed their teaching duties. Mr. Hamilton, who is the chairman of the evaluation committee at Lake Shore High states this will help the staff to know what to expect when Lake Shore High is evaluated this spring.

Still in the higher educational field, Lake Shore High was honored by the visit of Dr. Dean, a member of the State Board of Education last Thursday morning. Dr. Dean stated that Lake Shore was ready to be evaluated this spring with some preparation before that time.

**Voting Machine To Be Used in School Election**

The citizens of Lake Shore High School will experience the use of the voting machine for the first time Wednesday when they go to the polls to elect "Miss Homecoming," "Miss Lake Shore High" and "Miss Junior High."

The voting machine was placed at the school by the County Commissioner. The use of this machine has been fully explained. A complete list of the voters

will be checked and a real experience in the democratic way of electing will be done by the students.

Your reporter is going out on a limb and make an election prediction: For "Miss Homecoming," Catherine White should win. Freddie Mae Morris will be the new "Miss Lake Shore High" and Johnnie Mae Rivers will be "Miss Junior High." Remember these are election predictions by your reporter only.

But this much I can say all of the citizens will have had a new experience in voting in our great democracy.

**Public Relations Department Organized At Lake Shore Hi**

The citizens of Lake Shore High have a new department to serve them, the Public Relations Department.

The purpose of this department is to promote, stimulate and inform the citizens of Lake Shore Hi, the community and the home of the activities that take place in and around the school. From this department all news, announcements, publications and radio announcements will originate. The Public Relations Department will be under the direction of Richard L. Nowlin.

The staff met Tuesday in Mr. Nowlin's room and the following pupils were placed on the working staff: Altona Walker, Earry Lee Johnson, Bonita Sharp, Catherine White, Annie Ruth Goss, Margaret Eggleston.

**Homecoming To Be Nov. 11**

The citizens of Lake Shore High are making preparations for the big homecoming event to start Nov. 11, here at Lake Shore. A large crowd is expected to witness the highlight of the gala occasion, the football game between the Bob Cats of Lake Shore High and Lincoln Park High of Fort Pierce at Memorial Field here in Belle Glade. During the half time activities the following event will take place: the crowning of "Miss Homecoming," "Miss Lake Shore High" and "Miss Junior High."

The "Marching 50", the fine marching band of Lake Shore High will give a half-time show. During the day a parade will be held with more marching bands. So let's

get ready to cheer for the Bob Cats, the homecoming queen, the homecoming king, the homecoming cheerleaders, the homecoming band, the homecoming pep squad, the homecoming spirit squad, the homecoming cheerleaders, the homecoming band, the homecoming pep squad, the homecoming spirit squad.

**F.H.A. Gives Social**

The Future Homemakers of America gave a social during their class period Monday in the Home Economics department under the direction of Mrs. Ernestine Moore, the Home Economics Instructor. Soft drinks and cookies were served and music was furnished by records.

The Future Homemakers of America are expecting a very successful year. They have already decorated the office of our principal, Mr. Charles M. McCurdy.

**Mr. McCurdy Attends Principals' Conference**

Mr. Charles M. McCurdy, principal at Lake Shore High School attended the state wide Principals' Conference held at Jacksonville, Fla., last Wednesday, Thursday, Friday and Saturday.

The conference was highlighted by Dr. Dean and other officials of the State Department of Education.

Mr. McCurdy gave a report of the conference to the faculty.

**Bob Cats Taste First Defeat By Fort Myers, 19 to 6**

The Bob Cats of Lake Shore High School were defeated by Fort Myers, Fla., at the hands of the Douglas Tigers. Together

with the good line of Douglas High and the excessive amount of sand, the hard running backs of Lake Shore could not get started until late in the fourth quarter. The two teams fought on even terms during the first half with the Bob Cats looking better on defense than Douglas.

The Bob Cats had four first downs to Douglas' three. During the half the "Marching 50" of Lake Shore put on an excellent show that thrilled the crowd. During the second half the Douglas Tigers were not to be stopped and before the game was over, they had scored 19 points before the Bobcats could get rolling.

This Thursday will find the Bobcats at Delray Beach, playing the Carver High eleven. Coach Dan Byrthwood stated that he expected his eleven to be a much-improved team. However, he said that the players are still in the need of good blocking and tackling.

### State's Employment 3.6% Over Year Ago

Total employment in Florida's non-agricultural establishments rose to a level of 837,600 in September, according to James T. Vocelle, Chairman of the Florida Industrial Commission. Some 5,700 workers were added to the pay rolls during the month as business began to react to seasonal stimuli. The mining industry showed the greatest percentage increase as labor disputes were settled and employees returned to work. All other industry groups except construction and finance, insurance and real estate scored increases over the month. Total employment in September was 3.6 per cent, or 29,600, over a year ago.

Non-agricultural unemployment in September was estimated at 73,600. The current level

is five per cent below the August estimate of 77,200. A year ago unemployment was estimated at 78,700.

Factory employment moved upward to 125,000 during the month. Gains made in fabricating metal products, tobacco manufacturing, printing and publishing and chemicals and allied products were enough to offset losses in other segments of the manufacturing industry. Currently, employment is 2.5 per cent above last September. The factory workweek dropped only two-tenths of an hour from 40.7 in August to 40.5 in September. The gross average hourly earnings rose two cents to \$1.43. The current average is five cents an hour more than a year ago.

Settlement of labor disputes in most of the phosphate mining industry was responsible for the 1,400 increase over last month. Trade employment began to

pick up during the month, due largely to the reopening of citrus packing houses. Packing began at a slow rate, however, because of the new regulation raising the grapefruit juice content ten per cent. Retail trade employment failed to follow the pace set by wholesale trade and dropped 600 workers over the month.

The rise in government employment is directly attributed to the gain in school employment. The return of non-academic personnel who were laid off for the summer and newly hired teaching and maintenance workers were credited with the increase this month.

### Loans To Farmers Up 21% Over 1953 Total

Florida farmers and growers were loaned \$30,062,000 for improvements to their lands and buildings and for purchase of new acreages last year.

This total was 21 per cent above the 1953 total and the same amount over the 1948-1953 average. The national averages were 2 and 11 per cent.

The Florida farm mortgage debt contracted last year was greater than in any other year except 1952, which was slightly above last year. The 1937-1940 average report was just over \$11 million, the Florida State Chamber of Commerce reported yesterday.

Last year's average mortgage was for \$4,646, somewhat smaller than the typical amount for other years.

Where Florida farmers borrowed money is itemized in this week's business review of the State Chamber's research and industrial division.

Individuals, as in former years, were the largest lenders: 28 per cent, or \$14,224,000. Banks and trust companies loaned 28 per cent, \$8,411,000; insurance companies accounted for nine per cent, \$2,706,000.

The federal land bank loaned eight per cent, \$2,405,000, not including original purchase mortgages handled by that bank. The 17 per cent balance (\$5,110,000) was secured through a combination of lenders including associations and government agencies.

### BELLE GLADE COUPLE WINS GOLF TOURNAMENT

Winner of the weekly Scotch foursome golf tournament at the Bobby Jones Golf Course here this week were Mr. and Mrs. Donald Connell of Belle Glade, Fla.

The Connells, guests at the Sarasota Terrace Club this week where they are vacationing, won the tournament over a field of 15 other couples.

### REPEAL OF EXCISE TAX ON CARS LOANED SCHOOLS WILL BE SOUGHT BY AAA

Repeal of Federal excise taxes on cars loaned to high schools for driver education courses will be sought by the American Automobile Association at the next session of Congress, it was disclosed this week.

Robert J. Finley, manager of the South Florida AAA Division, said that "it is unfair for civic-minded auto dealers to have to bear a large percentage of the cost of the public school program."

"It is not right that a life-saving program such as high school driver training should have to look to private business for financial aid so long as the federal government continues to collect a 10 per cent excise tax on these cars," Finley said.

Finley explained that the \$900,000 appropriated last spring by the state legislature for driver education—an appropriation financed by a 25 cent increase in the cost of driver's licenses—covers only teachers' salaries under the Minimum Foundation Law.

"Aid is now being given by the Ford Motor Company and General Motors to dealers who loan cars to high schools," Finley went on, "but the dealer still make a substantial financial contribution."

Currently in the Belle Glade-Pahokee area there are over 200 students enrolled in driver education classes in both negro and white schools. Classes at Lake Shore High here are under the direction of Clifford Jackson, Jr.

### Local Honor With Honors Student Is Active Young Lady

Glenda Dell, a pert, diminutive Belle Glade High senior is one of the busiest young ladies in town on the basis of her school, social and musical activities. Glenda, daughter of Mr. and Mrs. J. Y. Dell, was born in Alabama; however, the Dell family moved to Belle Glade when she was a few months old.

Glenda has been playing the piano for eleven years—six of 200 S. Main

mother says that even with all her activities, Glenda finds time to help with the housework. "I want to be in everything, but I can't find the time," she said. One more time-consuming job is her teaching of the instrument (piano) she plays so well. Ten students take up five hours a week in her already busy schedule.

This young lady with the bubbling personality has given some 13 recitals in her life. She had an offer to play "Rhapsody in Blue" with the Miami Beach Symphony Orchestra, but didn't get to play it. She has appeared on television contests in Miami and West Palm Beach competing in the latter with 300 persons of which 126 were

chosen. Two and a half hours a week is spent with the the West Palm Beach Messiah Chorus. "I don't know what my range is," she explained, "but I can show you on the piano." "Soprano and sometimes alto," she decided. As if all this weren't enough, Glenda plays for various social

programs when invited. These engagements average four a month.

As for her future, she is vague. "I haven't decided yet," she points out. "I'd like to play with an orchestra, I guess, but I don't know."

A credit to her instrument, her church, her church, and her community. This is Glenda Dell.

GLENDIA DELL

which has been spent as a student with Frank Leo Mark of West Palm Beach, Mark says, "She's one of the best in the state." She proved that by placing second in the state for two years among 600 students. Before doing this she, of course, rated first in district competition in Miami. Last year she was assistant accompanist for the Florida State Music Camp Chorus.

This 17-year-old student was the only high school pupil to rate honor with honors last semester with a straight "A" report card. Glenda said she always made honor with honors up to the 7th grade then dropped off until the 10th year when she again made a perfect report. She still made the honor roll every year—or honorable mention.

Glenda's list of activities number about a dozen. She's a member of the school glee club, plays tympany and bells with the band, is treasurer of the senior class, a member of the pep club, Rainbow girls, ensemble, glee club trio, and plays piano for Sunday School.

She's a member of the Community Methodist Church and president of her Youth Fellowship. She also plays piano for that group when she isn't in charge of the program. Glenda belonged to the Future Homemakers of America chapter here for two years. Her

## Sport Sedan Makes Bow with 1956 Chevrolets

Reminiscent of the sport coupe which Chevrolet introduced with such sensational success in 1954, a sport sedan makes its debut with the company's other new models. Elimination of the center pillar in the window area adds smoothness as well as unexcelled visibility. The hardtop

sedan will be available in the Bel Air (above) and "Two-Ten," two of three price-graded series of cars offered by Chevrolet for '56. Engine choices include two more powerful V8's, the center pillar in the window area adds smoothness as well as unexcelled visibility. The hardtop

## 1956 Models Go On Display Today At Glades Chevrolet Company Here

Continued emphasis on the superior performance and rakish lines that contributed importantly to record-breaking sales this year give Chevrolet for 1956 its most distinguished new passenger cars.

Scheduled for debut at dealer showrooms across the nation Friday, Nov. 4, the latest models carry increased horsepower, a sleeker, more rugged appearance and are offered in the broadest array of bodies ever produced by the company. New in the low-price field is a four-door hardtop sport sedan. This car has no obstructing center pillar in the window area and is fashioned with the same styling zest that made the Chevrolet sport coupe a sensation of the automobile market since 1950. Also introduced for the first time are nine-passenger station wagons, bringing the company's total number of 1956 bodies to 19.

**Power Increased**  
Of prime interest to buyers who appreciate the security of ready acceleration is an increase in horsepower extending from the six-cylinder engine to the pace-setting V8. The new model series rates at 140 horsepower. The Super Turbo-Fire

V8 which, in a recent performance test, set a new all-time record at Pikes Peak in September, develops 203 horsepower. Among outstanding features in the 1956 Chevrolet line are the availability of seat belts and shoulder harness; improved, precision-aimed headlights and crash-tested door locks to minimize the possibility of doors being sprung open by shock or collision.

**New Paint Harmony**  
Lively paint schemes are offered in accord with the increased color consciousness of car buyers. Choice range from black to a newly developed pigmentation in beige and red. Original two-toning gives each of three price-graded series an exclusive pattern. Ten solids and 14 two-tone combinations are on the 1956 color chart. Novel trim ideas, with particular attention to the low-price One-Fifty series, are evident in the interior as well as the exterior treatments. Charcoal shades are new. In a simplification of options, the company announces each series will have a "standard" interior two-tone trim. A wide range of other harmonizing interiors will be available on an optional basis.

**Gas Inlet Consolidated**  
Chromium plating, applied for the first time on the One-Fifty series, covers along the sides of the 1956 bodies to increase the low, ground-grabbing aspect of the cars. Headlamp covers are more streamlined. Parking lamps are square and set low over the red-tinted bumpers. A novelty is the location of the gasoline filler, concealed by the hinged rear left tail lamp. The following bodies will be available in the 1956 Chevrolet line: One-Fifty Series—Two- and four-door sedans, utility sedan and two-door, six-passenger station wagon.

Two-Ten Series—Two- and four-door sedans, Delray coupe, sport coupe and sedan, two- and four-door six-passenger station wagons and four-door, nine-passenger station wagon.

Bel Air Series—Two- and four-door sedans, sport coupe and sport sedan, convertible, Nomad station wagon and four-door, nine-passenger station wagon.

These 19 models compare with 14 available at the start of 1955 production.

**Mileage Improved**  
Of traditional economical, valve-in-head design, the new six is equipped with a high lift camshaft, hydraulic valve lift-

ers and extra alloy exhaust valves which are designed to minimize the build-up of deposits. The new engine provides even better performance than its predecessors, particularly for highway passing. Gasoline mileage has also been improved.

**Full Flow Filter**  
Another high spot is a full-flow oil filter as an optional item. The filter is attached to the block and assures full filtering of lubricant to cylinder walls, bearings and other moving parts of the engine. Should flow through the system be restricted for any reason, the oil is by-passed around the filter. Accomplishments are reduced engine wear and longer life for moving parts.

**Overdrive Among Options**  
Optional equipment that scored high favor in the 1955 line again is offered by Chevrolet. These include the gas-saving overdrive, power steering, power brakes and push-button control of seat adjustment and window lifts. Compact air conditioning mechanism that fits under the hood and tinted glass are other optional items on the list.

A host of mechanical improvements promise even more trouble-free service than previous models of the company. Rear engine mounts have been reformed for isolation of noise and vibration. An electric water temperature gauge replaces the former tube type. Enlarged exhaust cross-over passages will make for quicker warm-up in cold weather. Dual exhausts are extended to station wagons where the Super Turbo-Fire

V8 is specified. New sealed beam headlamps give better illumination of roadside ditches and are standard on all cars. A precision headlamp aiming device is exclusive in Chevrolet's field.

**Directional signals**, formerly an extra cost item, are now standard equipment. The 12-volt ignition system pioneered by Chevrolet in the low price field has been improved. Batteries carry a 36-month warranty instead of 21. Spark plugs have ribbed porcelain insulators that offer 25 per cent greater resistance to flash-over. A new and longer neoprene boot supplies greater protection to six-cylinder engine plugs.

**Seat Belts Available**  
Arrangements to offer special kits containing factory-approved seat belts and shoulder harness components were announced by Chevrolet several weeks ago. The development followed an extensive review by company engineers of quality, strength of webbing, buckles and attachments. The approved devices, said Chevrolet, will exceed the specifications of the Civil Aeronautics Authority for aircraft seat belts.

**STATE DEPARTMENT TESTS FOR CLERICAL JOBS IN MIAMI NOVEMBER 7-18**

A U. S. Department of State representative will be in Miami, Monday, Nov. 7 through Nov. 18, at the Florida State Employment Service, 501-N.E. First Avenue.

The personnel officer is seeking qualified young men and wo-

men for secretarial, typist and clerical positions in the Department's "home office" in Washington, D. C. and in the 283 embassies, legations and consulates situated in some 77 countries throughout the world.

**Qualifications**  
Applicants must be 18 years of age. Stenographers must type 40 words per minute and take dictation at 80 words per minute and typists must be able to type 40 words per minute.

Salaries for stenographic positions in Washington start at \$3415 per year and clerk-typists at \$3175 per year, with yearly increases for satisfactory service. Annual and sick leave privileges are granted.

**Overseas Qualifications**  
Applicants must be between 21 and 35 years of age, single with no dependents, American citizens, in excellent health and available for assignment anywhere in the world. Stenographers must be able to type 40 words per minute and take dictation at 80 words per minute. Typists must have a typing speed of 50 words per minute. General clerks must know the touch system and be able to type at 35 words per minute and code clerks at 45 words per minute.

Salaries for overseas positions start at \$3390 per year, plus housing, cost-of-living allowances in some areas from 10 to 25 per cent of base pay. A year's increase is given each employee who performs satisfactory work. Annual and sick leave privileges are granted in addition to home leave at government expense with full pay.

after each tour of duty.

The Department of State is one of the most important and vital agencies in the federal service. The employees of this Department are helping to make history, whether in Washington or overseas.

There is a sense of "belonging" in the department because every employee has an important job to do in order to successfully conduct the foreign affairs of this nation. Their work directly affects the lives and well-being of people from Miami to Madrid.

Anyone interested in becoming a part of this important work should come in and discuss the opportunities that might be available.

treasurer, J. H. Livingston. President at the meeting was the association's president, Louis Kirckman.

**"IT AIN'T SAFE"**

Does crossing a city street leave you a nervous wreck? Do you long for the safety of farm life?

Only high hazard occupations such as construction and mining surpass the accidental death rate of farm workers.

**People 60 to 80 Apply For Life Insurance Without Medical Exam**

Even though you may be past 60, you can still apply for a \$1,000 life insurance policy to help take care of final expenses—without a medical exam!

Because policies are only issued to people in good health, the company reserves the right to verify the health information furnished on your Statement of Health when a claim is filed.

But this should be no problem if you answer the questions completely. We do care about your state of health, but don't require the medical examination as a matter of convenience to you.

You handle the entire transaction by mail with OLD AMERICAN of KANSAS CITY. There is no obligation. No one will call on you at any time.

Simply mail postcard or letter (giving age) for free information to Old American Ins. Co., 3 W. 9th, Dept. L1009K, Kansas City, Missouri. adv.

## GLADES FARMERS HOLD FIRST ANNUAL MEETING

Over 20 members of the Belle Glade Farmers and Harvesters Association met Oct. 27, at the Palms Restaurant for their first annual meeting.

City Manager Clarence E. Robinson and L. V. McElland, farm placement manager of the State Employment Service here, were guests at the dinner meeting.

McElland spoke about the labor situation as it now faces the farmers and harvesters and asked the Association's co-operation in solving labor problems. During the business meeting the members voted an assessment of ten cents per acre to member bean growers. The money raised will be used for advertising purposes. Expenses were approved for secretary-
